### QUICK INSTRUCTIONS

- 1 Stamp Green CS as desired using "stamp off" method
- 2 Score the green cardstock (on inside) at 1", 2-3/4", 3-3/4", 5-1/2", 7-1/4", 8-1/4", and 10".
- 3 Turn cardstock base over to the non-stamped side. On the middle 5-1/2" score line, make a mark 5/8" in from both sides.
- 4 Cut between marked lines to make a slit for your tag.
- 5 Decorate front of box as shown in example
- 6 Assemble tag  
Tip: You may want to draw a faint pencil line 1" from bottom to make sure you don't stamp below the line
- 7 Apply Sticky Strip™ to the stamped side of cardstock base at the end 1" scored sections. You will want to place one strip next to the score line on one, and one strip at the edge on the other side
- 8 Slide tag into cut slit.
- 9 Attach tag to one of your Sticky Strips™. Make sure it is centered in the slit and lines up with the bottom.
- 10 Fold up the other side with the Sticky Strip™ and attach to the tag.
